## Description

When class, style, elegance and attention to detail come together in a property that is beautifully designed and built, it can produce a spectacular residence that is a joy to behold and enjoy. Perched in a commanding position overlooking the polo field at Lion Castle, "Chukkas" is such a residence. Designed by renowned architect Larry Warren, the house features an open plan living design with a master and two separate cottage guest suites cleverly and privately positioned around the pool and Jacuzzi deck.

Located at around 1,000 feet above sea level, the property enjoys a spectacular view beyond the polo field across the countryside down towards the sea on the south of the island. This elevated position affords the home a wonderfully consistent cool breeze from the north east trade winds that bless this tropical paradise.

Lion Castle is a private polo lifestyle development set high in the St. Thomas countryside above the west coast with a superb club house and a breathtaking view. It is about 12 minutes from Holetown with its numerous world class restaurants and shopping on the west coast, 10 minutes from the golf courses at Royal Westmoreland, Sandy Lane and Apes Hill and 15 minutes from the rustic east coast of the island.

The accommodation comprises:

- Spacious master bedroom with en-suite
- Two guest suites with patios and en-suite bathrooms
- Well equipped kitchen with appliances
- Open plan living and dining area
- Second dining area
- Guest bathroom
- Laundry
- Staff quarters
- Outside shower
- Pool and Jacuzzi
- Double garage with storage

Outside: Electric gates open onto a driveway that leads around to the back of the property with parking for several cars. The grounds are beautifully landscaped with a profusion of tropical palms and various plants.
