Description

This historic 5 bedroom, 3.5 bathroom Plantation Home was built over 300 years ago. Well situated in the parish of St. John, the property sits on over 6 acres of land.

The rear entry leads to a beautiful mahogany staircase which takes you upstairs. On the ground level is a spacious kitchen with a laundry room and storage room at the side and a good sized pantry. The dining room is at the rear of the home, and the living room and den area open onto the wrap around patio with views to the garden. There is a half bathroom on this lower level, a lovely circular front driveway, and the pool area. The pool area has a wet bar, powder room and outdoor shower making it well suited for entertaining. The home boasts the thick limestone walls that were used long ago along with another circular driveway at the rear. There are 10 stables, a sand arena, three paddocks and two older buildings than can be restored. On the upper level you have the first bedroom which is located past a den/media room, patio and bathroom. Off of the landing are the other four bedrooms. The first one is quite large at 21 x 15, rear facing with a sink but no bathroom, and windows on three sides which provide tons of natural light and an excellent view to the stables and paddocks. The next two bedrooms are 16 x 11 and 19 x 16. These three bedrooms share a bathroom with a tub and shower. Further along is the master suite. This large room is 25 x 18 and has a renovated ensuite bathroom with double sinks and a Jacuzzi tub. This charming home, with its country views and mahogany trees has to be seen to be appreciated.
