## Description

This beautifully built executive family home is nestled in the quiet community of Pleasant Hall in the northern parish of St Peter. Perfectly tucked away in a cul-de-sac with attractive landscaped outdoor space covering 13,213sq.ft. of land in total.

Its location offers the comfort of the country feeling with access to the tranquil waters of the west coast within 5 minutes by car.

Built in 2004, the open plan living/dining room features coral stones walls with decorative architraves, columns, and wall mounted sconces. A centralized atrium adds to the varied architecture this property has to offer. The 3 bedroom home comes with 3 ensuite bathrooms and a powder room. The master bedroom ensuite boasts an appealing marble finish with a jacuzzi, double vanity and shower. Bedroom two also offers an ensuite jacuzzi bathroom. Each bedroom is outfitted with walk-in closets, and all are layered with stained hard wood floors.

The house also enjoys a wraparound covered patio which spills onto the lawn overlooking the tropical gully below. One can access this patio from the living room, master bedroom and another bedroom. This patio is further extended to a gazebo style entertainment area which houses an outdoor kitchen with dining and a wooden deck which also overlooks the gully offering guests an indoor/outdoor dining experience above the gully.

The kitchen is delightfully detailed with granite countertops, recessed cupboard lighting and opens to a butler's pantry with an expansive laundry room. The two-car garage features an automatic garage door behind electric gates. The entire property is enclosed and secured by an alarm system. The house is fitted with solar water heating.
